Dear Friends,

June/ July 2018

Interesting times here in the UK. Government near collapse and few have a clue what is going on. Thankfully our dependence is not on any government of man, but on the everlasting truth of the scriptures.

I have continued the preaching at the other church in addition to my own and have tried to help where I could. They have voted on a pastor but he would need to raise support as a missionary and still get visas and such and that will take at least a year. They asked if I knew anyone who could be an interim, but I do not at the moment. People who can and will work for the kingdom are few.

The Church picnic and baptism went well. Although I will have to replace the pool as we should be holy, but not the inflatable as it leaks But contact adhesive and duct tape and it did the job. I was also able to get some special burgers and buns each burger weighed 1lb. They had been a special for Fathers day at a local supermarket but I froze 18 of them and we had them. The young African family also came out and that was great. Mrs Myer had her baby and it seems functional. Services continue as normal with solid doctrine and understanding. Speaking the truth in Love.

Some of our young folks are looking for husbands and wives and I do ask prayer that God would send them the spouses they need as the pickings are slim in this area for solid Christians.

I was able to see the doctor about my legs. After some blood tests he said he thinks I have a fatty liver and need to change my diet and such. So that is what I have done. Mostly fish and cabbage and vegetables, but I did learn humus and guacamole are good for me so that is ok. No sweets or white bread or pasta or many things I like. However, it has been a few weeks and the swelling went down a bit and I can walk again and my legs do not fall asleep so easy so it is working. Our number plates on our car were stolen both front and back, so I had to report that and get them replaced. I riveted the new front one on. Some people over here will swap out plates to clone a car so you get the speeding ticket and not them as here they just photo you and send you the bill.

We pray for all of you that the Lord would bless you and keep you in His will that together we might bring glory to His name.

We thank you for your support and prayers as we serve Him together.

In Christ,

Donavan, Laura & Max Bangs
