

Christmas 2017

Dear Friends,

Greetings in His matchless Name!

This Christmas Season is undoubtedly better than last year when Shirley was in the nursing home!!! Praise the Lord she is at home as I write this and though she is in excruciating pain daily, we manage to get through each day. She lives on pain pills and they don't seem to be as effective these days. We definitely appreciate your prayers for her and for me as her caregiver! Thank you so much for being there for us. We are rejoicing that the coming of our Savior is nearer than ever and if we are gone by then, we still have heaven to look forward to!

In that vein, this year we are thrilled that our President has kept his campaign promise to recognize Jerusalem as the capital of Israel and to move our embassy there as well. This is a promise a number of Presidents have made over the years and failed to keep. Some are saying this will negatively affect the so-called "Peace Process" and "Two State Solution" with the "Palestinians". The "Palestinians" were the ancient Caananites in the Bible and don't exist anymore (See Exodus 15:14,15). Today they are simply usurpers who pretend to be Palestinians although they are really from Arab nations who refuse to take these refugees back into their original homelands. This move may keep God's judgment from America a little longer. (Sorry about preaching here!)

We have really slowed down this year in meetings. We try only to travel short distances where we can be back home after the AM services in churches where we are preaching/teaching. Or, where we can stay overnight on Sat. and Sun. and drive back home on Monday. Presently we have very, very few meetings booked. We have become homebodies. I am still Shirley's care-giver so I do all the shopping, cleaning, et. al. (If you pray please include my health.)

Our daughter Dawn has moved to Boynton Beach, Fl. and Crystal & Jerry will soon be moving to Pensacola to be with their children and grandchildren. That will only leave our son Dan and his family in our area. We are very happy in our home church in Lawrence, N.J. and with our pastor Louis Guarneri - where I get to teach and preach on a regular basis due to our pastor's generosity. We now have 11 grandchildren and 10 great grandchildren. And we still have many friends we keep in touch with both in and out of our church family.

We wish you, our friends, a Blessed Christmas and a very spiritually prosperous New Year: 2018!

Sincerely in the Savior

Pastor (e) & Mrs. Paul & Shirley Fedena

Jesus' Birth is the ONLY reason for the season!!
