Hello and Merry Christmas;

Here we are at the end of another year, time goes by so fast. I thought by now the virus would be history but we cannot let go of it the perpetual variants will likely linger on for years to come. Our new president does not seem to be a friend to America. He and his followers are certainly not a friend to the Church they make us their enemy blind to our concern for their spiritual well being. These days call for our unwavering persistence on their behalf for in the concluding days only success will have meaning.

The Tent Ministry is currently in hibernation as you can imagine most don't find it quite as appealing when the temperature drops below shivering. We are however making preparations for the coming season with upgrades to the sound system and keyboard. The trailer has gotten out of control so everything will have to be removed, gone through, build some compartments and reorganize. The trailer seems to get smaller every year.

If any positive statement can be made about the virus, it has helped with the Tent Ministry folks are often more comfortable outdoors under the tent than in a crowded building, especially new visitors. Many churches have had to cut back visitation so using the tent is an effective method of evangelism that gets attention. If you have ever considered an outdoor revival now is a great time to consider it.

The homeless ministry in Atlantic City continues ministering to 25-40 people. Mrs. Peachy Fry faithfully supplies breakfast sandwiches from our Home Church. Many other volunteers have supplied socks blankets shoes water and things I can't remember. Chelsea Baptist Church has added a monthly afternoon meal that fed and ministered to 35 homeless last month.

Watching the news these days might get you discouraged but these are exciting times. The Lord said, "And when these things begin to come to pass, then look up, and lift up your heads; for your redemption draweth nigh." Now is the time for action if anything is to be accomplished for the Lord today is the day. Love you all,

Larry & Cheryl Gibbs
